

PORTSMOUTH A. R. E. S. NET CONTROL

(PARES)

Friday, 2000 hrs

Date: _____

Are there any stations on frequency requiring use of this repeater for emergency or priority traffic?

Calling the Portsmouth Amateur Radio Emergency Services Net. Your net control for this session is _____ and my name is _____ and I am located in _____ the time is _____, local. We request that all routine repeater use remain suspended on this frequency until the net is deactivated. Any station with emergency traffic requiring use of this repeater during the net, please indicate with the words "break, break" and the net will be held until you have completed your emergency traffic. Any station with emergency or priority traffic call now.

The Portsmouth A.R.E.S. net is a directed net serving the South Eastern Virginia Metropolitan area. The net meets weekly on Friday at 2000 hours on the W4POX repeater for the purpose of training in traffic handling, A.R.E.S. emergency operations, and net procedures. All licensed amateur radio operators are invited to check in by stating their call sign, name, and area. Traffic will be handled according to National Traffic (NTS) routing using ARRL message procedure.

Stations with thru traffic, local traffic, or net reports, call now.

Is there any traffic we have missed or overlooked?

At this time are there any announcements?

The formal session of the net is now closed, any station wishing to leave, may do so without notifying net control. We will now call for comments from stations that have checked in. (Go down the list of check ins for comments)

I wish to thank everyone who has checked in, especially those who have handled traffic. Everyone is invited to check in to each session of the net and participate in all activities of the Portsmouth A.R.E.S. Any station interested in information about the local A.R.E.S. organization should contact this station after the net. The Portsmouth A.R.E.S. net will now close. The time is _____ local. Good evening and 73. This is _____ and I am clear.
